HOW TO SOLVE COLD CASE DOSSIERS

Welcome to the Major Crimes Cold Case Division. Each dossier in this book presents an unsolved mystery, robbery, or homicide that has baffled investigators for years.

YOUR INVESTIGATIVE PROTOCOL:

- 1. **Review Incident Logs:** Read the background narrative, time of death, and primary crime scene.
- 2. **Analyze Suspect Alibis:** Examine witness statements. Cross-reference their movements against physical forensic clues.
- 3. **Fill the Deduction Grid:** Mark ✓ for confirmed facts and ✕ for eliminated combinations.
- 4. **Identify the Culprit:** When all impossible scenarios are eliminated, whatever remains—however improbable—must be the truth.
